Everede is the exclusive Marketer and Importer for Nine9 & Duemmel

Chamfer Mill 45° >>

► Features >>

- Ultra high speed and feed rate is the biggest advantage of Nine9 Chamfer Mills.
- It is not a traditional chamfer tool, it runs 4 times faster in cutting speed and 10 times higher in feed rate.
- It is the most efficient tool you ever met.

► Applications >>

- 90° counter sink and 45° chamfering.
- For counter sink, circular chamfering, contour chamfering and face milling.

Screw Fit Cutter >> Not On Promotion

► Modular body style

- Quick and easy to change system and provides chamfering flexibility.
- Capable of extended overhangs by almost any kind of the screw-fit tool holder or extension bar in the market.

► Ultra high speed, high feed rate

- Dual-relief insert and optimized coating, higher feed rates and cutting speeds can be achieved on chamfering operations.

*Screw on head also available but not on promotion
